

This intergenerational panel will highlight the two main characters from Stieg Larsson's *The Millennium Trilogy* (*The Girl with the Dragon Tattoo*, *The Girl Who Played with Fire*, *The Girl Who Kicked the Hornets' Nest*) and the subsequent Swedish movies based on these books.

Linda Stein, as moderator, will introduce this discussion with movie clips revealing how Salander and Blomkvist shake up stereotypic gender roles. The panelists will then focus on current trends in gender fluidity as related to: the attitude of young women today by **Shelby Knox**; a new prototype for masculinity by **Michael Kimmel**; and men's attitudes toward sexual abuse allegations currently in the news today by **Jimmie Briggs**. Q&A to follow.
