Dear Linda:

We were so pleased to host *The Fluidity of Gender* at the Rebecca Randall Bryan Art Gallery in the spring of 2014. We had steady attendance throughout the run of the exhibition and a packed audience for your public lecture and *Stein-Gig* performance. We appreciated seeing such an enthusiastic response from our students and community for your work and ideas. The public lecture was informative, humorous, and thoughtful and I was approached by many faculty and students in the days following that expressed their appreciation for your work and ideas.

Hosting you was a true pleasure while you were here in Conway. It was such a great opportunity for our students to be able to be involved in the performance after your lecture and I thank you for facilitating its organization.

Every detail of the exhibition was very well planned and it was a pleasure to work with you and your exhibitions manager. I hope we can collaborate again in the future!

Sincerely,

James Arendt
